EXPERIENCE

Frontend Developer | Asocebú | Bogotá DC, Colombia

January 2024 – Present

- Developed a new breeder directory using Angular, streamlining the communications department's work by ensuring data integrity and ease of updates.
- Updated the table visualization library for the internal member system, resulting in an annual savings of approximately \$1500 for Asocebú.
- Created functionalities for the auto-generation of PDF documents displaying the genealogy of registered animals.
- Adjusted the web platform and Android/iOS app to comply with WCAG AA guidelines

Data Analyst | Jupiter Group | New Port, United Kingdom

January 2022 – November 2022

- Analyzed existing data using SQL and Excel.
- Transformed data to draw conclusions and make predictions, facilitating data-driven decision-making.
